North Peninsula Building Association PO Box 748 Port Angeles, WA 98362  
www.npba.info (360)461-4167

Thank you for your interest in becoming a member of Built Green® Clallam County. Our members are in the forefront of a movement to integrate sustainable and responsible building and development practices into the mainstream.

In return for your enrollment, we will provide professional development opportunities and educational outreach to consumers to increase your customer base.

As a builder-member of Built Green® Clallam County, you will receive a Built Green loose-leaf binder to preserve documentation and instructions that you are collecting to qualify for a Built Green certification. In addition, BGCC will provide the following contents:

- A Single Home Project Checklist
- A Remodeler's Checklist
- A set of Subcontractor Checklists to help involve subs in your project.
- Information and references to educate you and your customer on sustainable choices in construction and home care.

Developers will receive binders with a Green Communities Checklist and information relevant to site development.

Built Green® Clallam County will provide yard signs to builders and developers for the duration of a project.

As a retail member of Built Green® Clallam County you are eligible to receive a Built Green counter display and brochures.

A web directory of enrolled members and their services is available through the NPBA website, and the BGCC website is will be online by January 2009. We will distribute the print version of the directory at all events where we have an informational table. We intend to direct media coverage to your projects and products.

A small reference library on Built Green topics is available for your use at the NPBA office. It is our mission to provide you with information that you need to be a successful Built Green participant.

An Annual participation form is enclosed. Your enrollment will help to continue community outreach efforts. Please contact me for information or assistance.
