Brief Project Description: _____

In submitting the Built Green® Clallam County self-certification checklist, I agree to complete all Action Items checked. I agree to check off only those Action Items that are true and correct, and to submit an amended checklist if any changes occur during the construction or development process. I understand the NPBA does not warrant to the homeowner or anyone else that these Action Items have been completed; only that based on the checklist provided by me, the project qualifies for a certificate.

BUILDER: I understand I will receive a Built Green® certificate showing a star rating for my submitted project based on the information I provide in the self-certification checklist. I understand that my project could be selected at random for checklist verification at no cost to my company.
